About Us

Digital Skola adalah platform Edutech Indonesia yang didirikan sejak tahun 2020. Kami berkomitmen untuk membina talenta masa depan yang siap kerja dan sukses di dunia kerja. Melalui program Bootcamp, Mini Bootcamp, dan Corporate Training, Digital Skola membekali siswa dan profesional dengan pengetahuan dan keterampilan digital terkini yang memenuhi kebutuhan industri saat ini dan masa depan. Opsi pembelajaran kami dengan fleksibel mencakup kelas online dan offline serta real-experiences internship.

Edutech Platform for Indonesian Professionals

Kami berkomitmen untuk memperluas akses pendidikan, mengikuti perkembangan teknologi, dan menerapkan praktek serta proyek untuk memaksimalkan dampak pembelajaran.

One-Stop Solution for Learning

Kami menawarkan topik pembelajaran yang disesuaikan dengan kebutuhan Kamu, mulai dari tingkat dasar hingga tingkat lanjut. Program kami tidak hanya materi pelajaran, tetapi juga implementasi proyek, mentoring, dan layanan konsultasi.

Learning Activities & Grades

© Copyright by Digital Skola 2025

Live Online Learning

This is your class where the Tutor will deliver the material based scheduled module. You can access it by using Zoom Meeting (online).

There will be a co-facilitator (class representative) to help you if you need anything.

Rules:

- Ideally, you should stand by on the learning session at least 5 minutes before it starts.
- Microphone is always muted UNLESS You want to ask verbally.
- You may also ask questions on the chat.
- Ensure you have a good internet connection.
- Attentive and focus.

© Copyright by Digital Skola 2025

Quiz

This is where you let your neurons firing up!

There will be quiz for each module that should be done in the provided google form individually.

Quiz score will be published weekly so you can track how much your understanding on a specific module.

Rules:

- This is an individual work.
- You have to do and submit the Quiz within the specified time. **Quiz will close the next day at 11.59 PM.**
- If quiz is completed later than the specified deadline, quiz will not be assessed by Tutor or Class Representative.

© Copyright by Digital Skola 2025

Homework

A more challenging version of Quiz, Homework will required you to answer the question in a essay model.

This will help you to implement the theory you have learned in the Learning Session

.

Same as the Quiz, Homework score will be published weekly so you can track how much your understanding on a specific module.

Rules:

- This is an individual work.
- You have to do and submit the Study Case within the specified time. You will be given time until **7 (seven) days after the Homework is given at 11.59 PM.**
- You may get zero (0) on your marks on the related topic if you failed to do so.

© Copyright by Digital Skola 2025

Learning Progress Review

In this activity, you will be asked to summarize the topics that you have studied in a week and make it into a presentation slide.

Rules:

- This is a group work.
- Your team have to do and submit the Learning Progress Review within the specified time on **Friday at 11.59 PM**.
- You and your teammates may get zero (0) on your marks on the related Learning Progress Review if you failed to do so.

© Copyright by Digital Skola 2025

Professional Branding

Time to be noticed!

This activity will improve your professional brand on LinkedIn, so that the possibility of yourself being seen by the recruiter on the industry increases.

Rules:

- This is an individual work.
- You should post Bootcamp session-related on your LinkedIn such as Learning Progress Review, new insights, learning activities, etc. You have to do and submit the Professional Branding within on **Friday at 11.59 PM.**

© Copyright by Digital Skola 2025

Project

In these projects, you will experience **live coding session** with tutor to implement the topics you have learned before. If it is not finished during the session, it will be counted as Homework.

There will be **4 mini projects & 1 (one) final project** with different datasets given by tutor.

Rules:

- You have to do and submit the Mini Projects within the specified time. You will be given time **7 days at 11.59 PM** to finish the project.
- You may get zero (0) on your marks on the related topic if you failed to do so.

© Copyright by Digital Skola 2025

Task Priority Suggestion

You should do your task according to the following priorities:

1. Quiz (QZ).
2. Homework (HW).
3. Learning Progress Review (LPR).
4. Professional Branding (PB).
5. Mini Projects.
6. Final Project.

© Copyright by Digital Skola 2025

How can we measure your performance?

01 **25%** SOFT SKILL

02 **35%** TECHNICAL SKILL

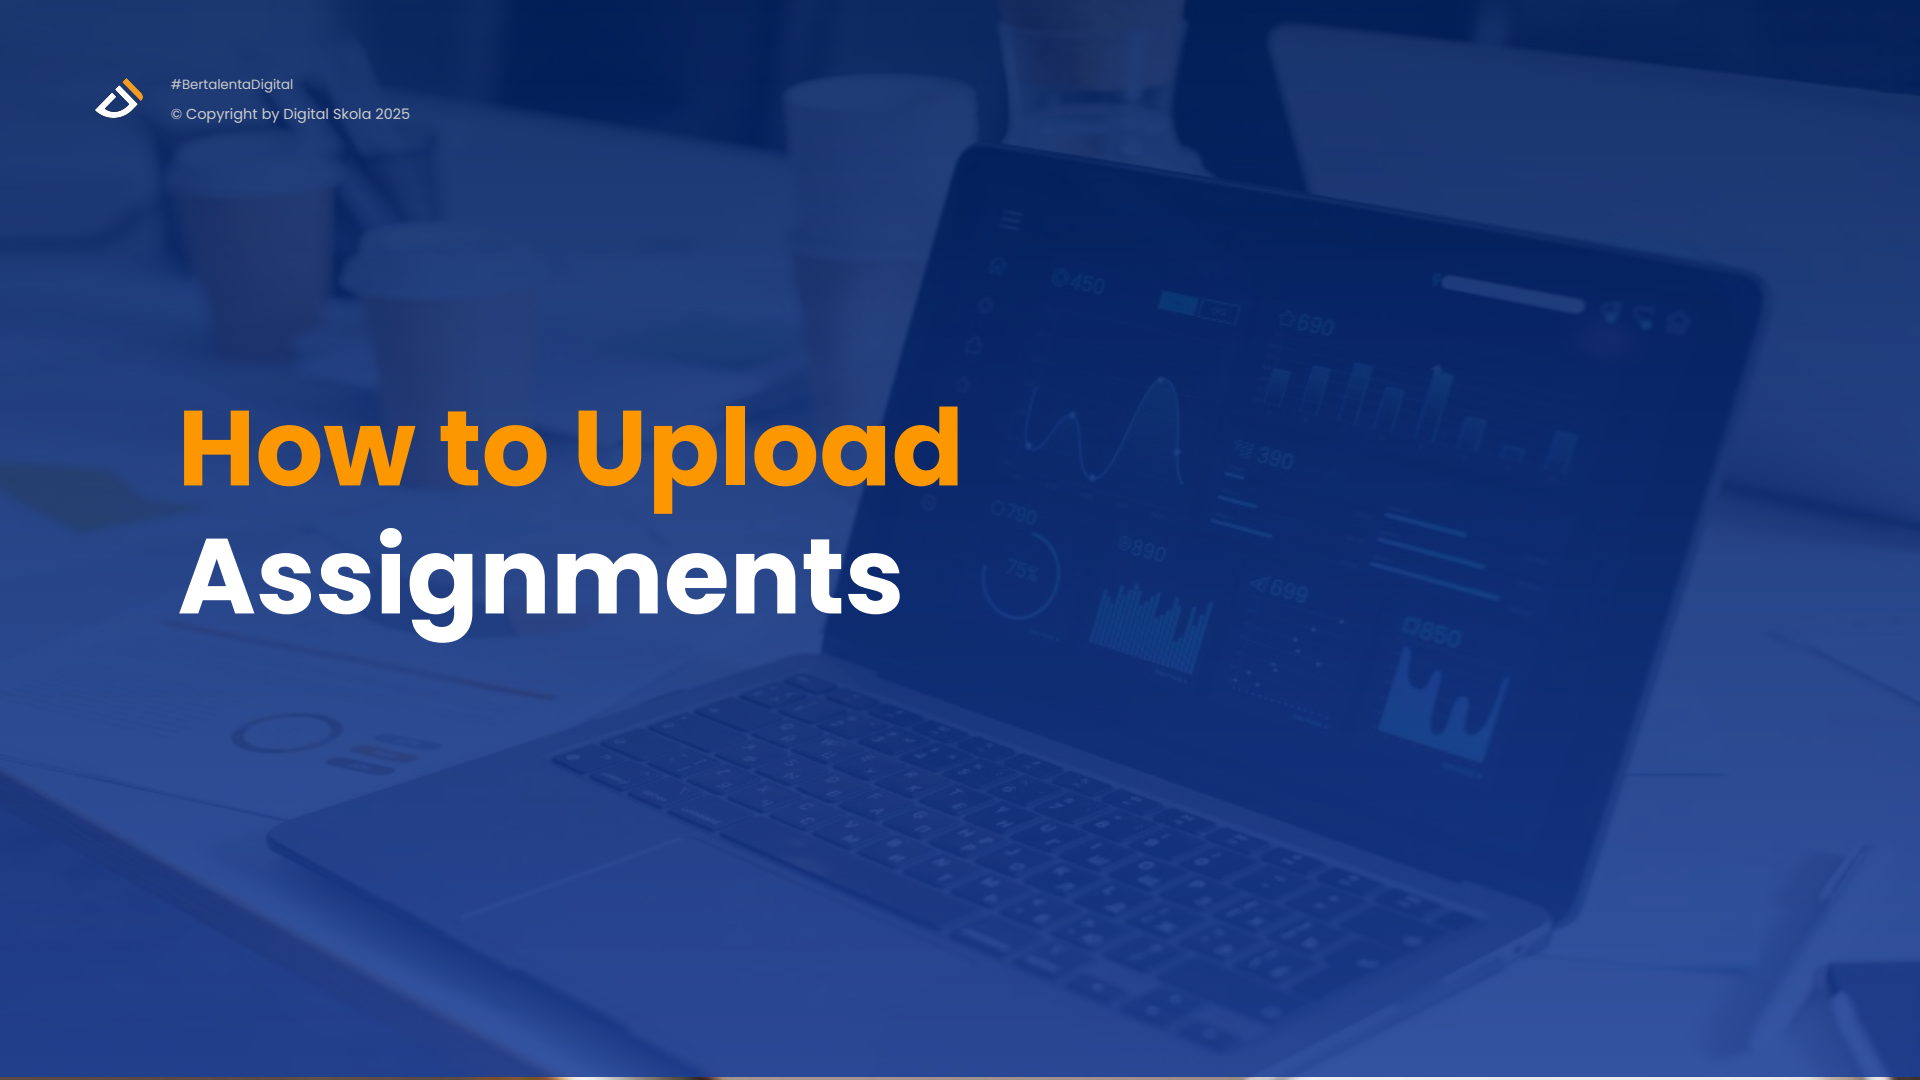

03 **40%** PROJECTS

When you first join, they will be divided into several groups.

During the learning process, you are required to make a summary, as well as take quizzes and assignments on each topic. In addition, you will also be asked to work on project as learning progresses.
